**DUAL ADMISSION AGREEMENT**

Delaware County Community College (DCCC) and Rosemont College (RC) enter into this agreement in order to facilitate the transfer of students from DCCC to RC for the purpose of entering a baccalaureate degree program. This agreement terminates the "Dual Admission Agreement" between Delaware County Community College and Rosemont College signed August 2013.

Subject to the terms of this agreement, a student who completes the designated associate's degree program (see below) at DCCC will be guaranteed admission to RC with third year (junior) status. Students intending to attend Rosemont College on a full-time or part-time basis are eligible to participate in this articulation, however only students attending on a full-time basis may complete the requirements for the bachelor's degree program within two years of study, although certain majors may require more than 120 credits.

All A.A., A.S., and A.F.A. transfer programs at DCCC, **excluding Engineering, Engineering Technology, Computer Information Systems, Computer Science, Global Studies, Photography, Human Service, Social Work, and Science for Health Professions** are designated as part of the Dual Admission Agreement:

DCCC and RC will assure that appropriate personnel in their respective institutions are aware of this agreement and will support it and will designate a representative to serve as institutional liaison and coordinate the Dual Admission process.

This agreement will automatically renew unless personnel from DCCC and RC determine that a meeting is necessary to review and/or amend this agreement. Either institution may terminate this agreement at any time by written notice. In the event that the agreement is not renewed, RC will honor the agreement and admit DCCC students who have already signed the Dual Admission Intent to Enroll Form.

RC will provide opportunities for meetings with students on DCCC campuses to provide information and assistance in matriculating to RC.

Faculty, staff and administrators of both institutions are encouraged to visit the campuses of each institution.

The RC Office of Undergraduate Admissions will provide DCCC with promotional literature which will be used to assist DCCC students and periodically exchange data and documents which contribute to the maintenance and improvement of this agreement.
