Dual Admission and Core-to-Core Transfer Agreement Lincoln University of Pennsylvania and Delaware County Community College

Dual Admission and Core-to-Core Transfer Agreement

This Agreement is entered into by both institutions to facilitate a seamless transfer for Delaware County Community College (DCCC) students who wish to attend Lincoln University (L.U.). This Agreement supersedes any previously signed articulations between Lincoln University and Delaware County Community College.

In the interest of providing educational opportunities to students and to foster the completion of baccalaureate degrees, Lincoln University of Pennsylvania (L.U.) and Delaware County Community College (DCCC) enter into this Dual Admission and Core-to-Core transfer agreement. The Agreement provides a pathway for eligible students completing an Associate's Degree of Science (A.S.) or an Associate's Degree of Arts (A.A.) at Delaware County Community College (DCCC) to transfer with full junior standing into Lincoln University. The Nursing program at Lincoln University requires a separate transfer agreement for admission and is not guaranteed under this Agreement. This Agreement also facilitates current and future program-to-program and/or guides that specify DCCC transfer students' DCCC courses that satisfy major requirements for baccalaureate degree completion at Lincoln University (Appendix A).

Dual Admission Transfer Agreement Terms and Conditions:

Admission into the Dual Admission program entitles students to be admitted into a parallel bachelor's degree program with junior status at Lincoln University, provided the student:

1. Completes and submits a Dual Admission *Intent to Enroll Form* (Appendix B) to the DCCC Transfer Office. For advising purposes, Lincoln University recommends the completion of the Intent to Enroll Form before completing more than thirty (30) college-level transferable credits from all institutions attended;
2. Meets all applicable Lincoln University requirements and deadlines pertaining to application for admission and payment of tuition and fees;
 - a. Students must complete and submit a Lincoln University admissions application by April 15 for fall term admission and December 15 for spring term admission.
 - b. Students must also satisfy any admission requirements for their major.

3. Meets the requirements in the major field of study and any other curriculum requirements applying to all Lincoln University students in effect at Lincoln University at the time of admission to DCCC or Lincoln University (depending on what is most beneficial to the student). These students will abide by the policies and procedures, and any revisions thereof, which apply to all Lincoln University students;
4. A minimum cumulative GPA of 2.0 is required of all Lincoln University transfer students. Transfer credit will be awarded for courses with a grade of "C" or above for all courses transferred to L.U. Please note courses with a grade of "D" may lower your advanced standing status. Submission of official transcripts for evaluation of credit from other attended institutions, including military transcripts, is required. Credit will also be awarded for A.P., CLEP, etc. with appropriate documentation. Developmental courses are not eligible for transfer.

Graduates from DCCC with an Associate's degree program except for Nursing (*Nursing is NOT guaranteed admission through this articulation*)
