

La Salle University and Delaware County Community College Dual Admission and Core-to-Core Transfer Program Fact Sheet

Students interested in completing their bachelor's degree after receiving their associate's degree at DCCC are welcome to apply to La Salle's Dual Admission and Core-to-Core Transfer Program.

Some advantages to being a Dual Admission student include:

- Your place at La Salle University is guaranteed, as long as you meet the admission requirements
- Both full-time and part-time students are eligible to participate
- As many as 70 credits may transfer
- Full-time students will be awarded the Dual Admission Achievement Scholarship (see reverse side for details)

What You Need to Know –

Students who are admitted into a designated associate's degree program at DCCC will be assured admission into a bachelor's degree program at La Salle if the following conditions are met:

- The dual admission form must be completed and submitted before earning 45 college-level credits, and evaluated by a Transfer Advisor at DCCC.
- Students must graduate from DCCC with a minimum cumulative grade point average of 2.5; nursing applicants must have a 3.00 minimum cumulative GPA and a 3.00 minimum science GPA, as well as additional required documents.
- Students must achieve a 'C' or better in all courses transferred into the proposed major. Passing grades lower than a 'C' in CORE courses outside of the major will be transferable, provided the student graduates with a 2.5 cumulative GPA or above.
- Students are required to obtain their associate's degree from DCCC in one of the following programs:
 - Administration of Justice
 - Business Administration
 - Communication Arts (Journalism or Communication Studies option)
 - Computer Science
 - English
 - History
 - Liberal Arts
 - Mathematics/Natural Science
 - Psychology
 - Science for Health Professions
 - Social Work
 - Sociology

- By signing the La Salle University Intent to Enroll form, the student is giving permission to the Transfer Office at DCCC to submit the ITE form along with a copy of the student's transcript to La Salle University.
- La Salle University's CORE will essentially be fulfilled by the degree requirements at DCCC. However, students may be required to take additional CORE "Qualifiers:" one English Writing/Research course (which can be satisfied by ENG 115 at DCCC or taken at La Salle) and REL 100 Religion Matters (which must be taken at La Salle because there is no equivalent course offered at DCCC). Human Service majors are also required to take one human biology course at La Salle if an equivalent course is not taken at DCCC.

Scholarship Opportunities –

The following scholarships are available only to full-time day students.

- Founder's Scholarship: award amounts are as follows for those entering La Salle in the 2020-2021 academic year (These award amounts may change for those who start at a later time):
 - 2.50 – 2.79 = \$10,000
 - 2.80 – 3.29 = \$13,000
 - 3.30 – 4.00 = \$15,000
- Dual Admission Achievement Scholarship: \$1,500 (renewable annually)
- Phi Theta Kappa Scholarship: \$1,000 (proof of membership must be submitted, renewable annually)

5 Steps to Dual Admission –

1. Under the direction of a DCCC Transfer Advisor, complete the Dual Admission Intent to Enroll form before earning 45 college credits. The Transfer Advisor will evaluate your eligibility for this program during your meeting.
2. You will receive an email from La Salle University with information about how to complete the application process.
3. The semester before you plan to transfer, submit to La Salle your official transcript from DCCC and any additional transcripts from prior colleges or universities that you have attended.
4. You will receive an official decision letter from La Salle University, including your scholarship award and confirmation of acceptance information.
5. Submit your final DCCC transcript, reflecting the degree you've earned and your final grade point average.

Please note, attendance at another institution after graduating from DCCC and prior to enrollment at La Salle voids the Dual Admission agreement.

*For additional information, please contact the DCCC Transfer Office or La Salle University, Office of Undergraduate Admission for full-time studies at 215-951-1500, or the Office of Adult Enrollment for part-time studies at 215-951-1100.
