Students applying to the 3-year one co-op option only need to have completed the ENG 100, 112, PSY 140, BIO 150, 151, 230 or 240, CHE 101 and 102 or 110 and 111 and Any language course.

1. Drexel University acceptable Social Science electives include: ADJ 240; Any ECO; SWO 101; Any POL; Any SOC; Any PSY.
2. Drexel University acceptable Humanities electives include: ART 100; COMM 100; HUM 100; MUS 101; Any foreign language; Any PHI.
3. Holy Family University: Students will receive credit for CHE 101 if they complete with a passing grade, BIO 150 & BIO 151 at DCCC. Regardless of the number of transferrable credits, the program at Holy Family University will take students 2.5 years to complete due to course and clinical sequencing.
4. Holy Family University: MAT 151 is a prerequisite for entry into the program. MAT 210 is not a prerequisite for entry into the program, and can be completed at Holy Family University if a student chooses.
5. Immaculata University: Students must receive a grade of B or higher in BIO 150, 151, 220, and 230/240 and CHE 101/106. BIO 220 must be taught by an RD. These courses must have been completed within the past 5 years. Only two attempts to earn the required grade are permitted.
6. La Salle University: Students not participating in the Dual Admission program with La Salle University may need to take additional courses to meet Core requirements. Meet with a Transfer Advisor for additional information.
7. Neumann University: All science courses require a 2.5 GPA or higher at the first attempt of completion. All science, including Nutrition and Statistics, must be taken within five years of application to Nursing major. Neumann prefers CHE 101 and CHE 102. Both must be completed in order to satisfy the Nursing Department's chemistry requirements.
8. Pennsylvania College of Health Sciences: Three-year evening/weekend associate degree program applicants must complete Human Anatomy & Physiology I and II with a grade of "C" or better prior to entering NUR 101. A 2.5 GPA is preferred in these courses. All applicants are required to complete ATI TEAS entrance exam. Only needed if student did not complete a chemistry in High School with a grade of "C" or higher.
9. Roxborough Memorial hospital School of Nursing: All science courses require a 2.5 GPA or higher. BIO 150 & 151 must be taken within five years of application to program. College chemistry is not required if taken in high school (with lab) and completed with "C" or higher.
10. Thomas Jefferson University: Students who complete ENG 100 can use the course to meet 3 cr. of the 9 cr. elective requirement.
11. Widener University: Students must complete a minimum of 60 college credits prior to the Widener program start (including the pre-requisite courses listed above) in order to be eligible. All other credits completed in addition to the pre-requisite courses and up to a total of 60 credits are transferable into Widener's program as block credit. Only courses completed with a grade of C or higher are eligible for transfer. A minimum cumulative 3.0 is required.
