### Notes:

This map is a guideline; we understand that program requirements may change. Substitute courses will be allowed for cohort courses that transfer.

Students transferring to DelVal with their AA or AS from DCCC will transfer under the "Core to Core" Agreement.

DelVal agrees to accept the Gen Ed core embedded in DCCC's AA and AS degree as meeting the undergraduate general education requirements.

Students who transfer into the program without the AS in psychology may be required to take additional classes at DCCC

Biology: While BIO 110 and 111 are the preferred science electives, other BIO courses are accepted.
